

Connectors 88630.0180

Technical data

Height	30 mm
Width	180 mm
Depth	26 mm
Rated value	ca. 11,5 kN
Drilling	20x Ø 4,7 mm

Stairs tread connector - Connectors with multiple applications for staircase construction. Elegant visual design and high load-carrying capacities provide a clean and functional connecting option for the precise and fast assembly of wooden steps. A countersunk head screw DIN 7991 M5 x 25 mm is included in the scope of delivery.

Shear failure must be verified. Design case 'short' for stairs and stair landings.
